

Community Profile

District #3 operates a comprehensive high school, serving the communities of Mahomet and Seymour, located ten miles west of the University of Illinois at Champaign-Urbana.

Educational Philosophy

The Mahomet-Seymour School District's educational program will provide a secure and stimulating environment where each child is expected to develop his/her maximum potential.

We believe:

- * Students benefit when high expectations and clear standards are understood by students, teachers, staff, families and the community.
- * Students benefit when they are taught to think, reason and develop an intellectual curiosity, which will assure continuance of the learning process.
- * Students benefit from an academically rich curriculum that includes a wide variety of extra-curricular programs.
- * Students benefit when the family and the school work closely together to promote learning and support children.
- * Students benefit when they are taught the values of good citizenship, integrity, honesty, mutual respect and to take responsibility for their actions.
